

# WORRY WALL

(1:39)

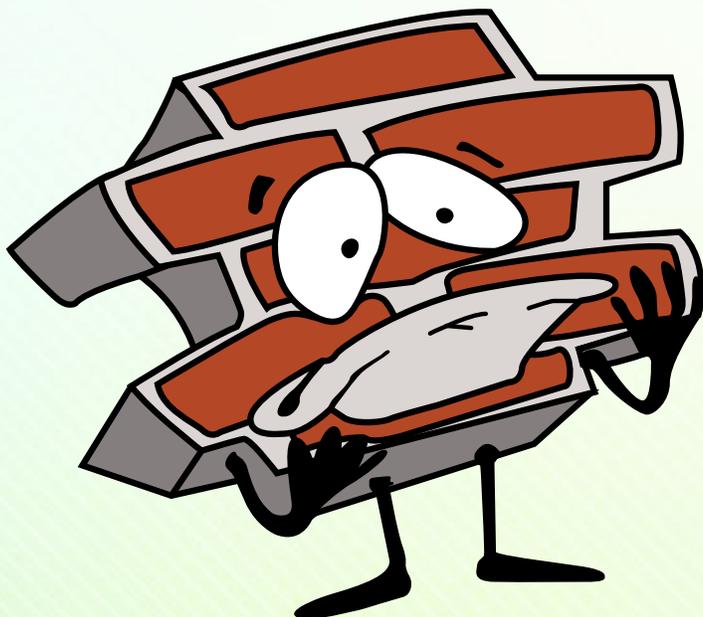

Well, I worry, worry, worry  
I'm a Worry Wall,  
I live inside your brain  
Hoping that you'll fall.

I worry, worry, worry  
About every little thing,  
With so much negativity  
Your brain can't sing.

Hey Worry Wall  
Move on over, you hear  
I have a little problem  
Not a great big fear.

Superflex my brain  
Superflex my mind,  
Keep my problems small  
Just like you, Worry Wall.

Superflex my brain  
Superflex my mind,  
Keep my problems small  
Just like you, Worry Wall.

So I'll think about my problem,  
I really think it through,  
I won't blow it up big  
That's what I would do  
I know it's true.

I know how to do this  
And I'll do it my way,  
I won't worry, worry, worry  
Gonna be okay!

Calm and brave  
That's the way to be,  
Well, don't you want to  
Worry, worry, worry with me?

Hey Worry Wall  
Move on over, you hear  
I have a little problem  
Not a great big fear.

Superflex my brain  
Superflex my mind,  
Keep my problems small  
Just like you, Worry Wall.

Worry Wall  
Move on over, you hear  
I have a little problem  
Not a great big fear.

Superflex my brain  
Superflex my mind,  
Keep my problems small  
Just like you, Worry Wall.

Superflex my brain  
Superflex my mind,  
Keep my problems small  
Just like you, Worry Wall.
